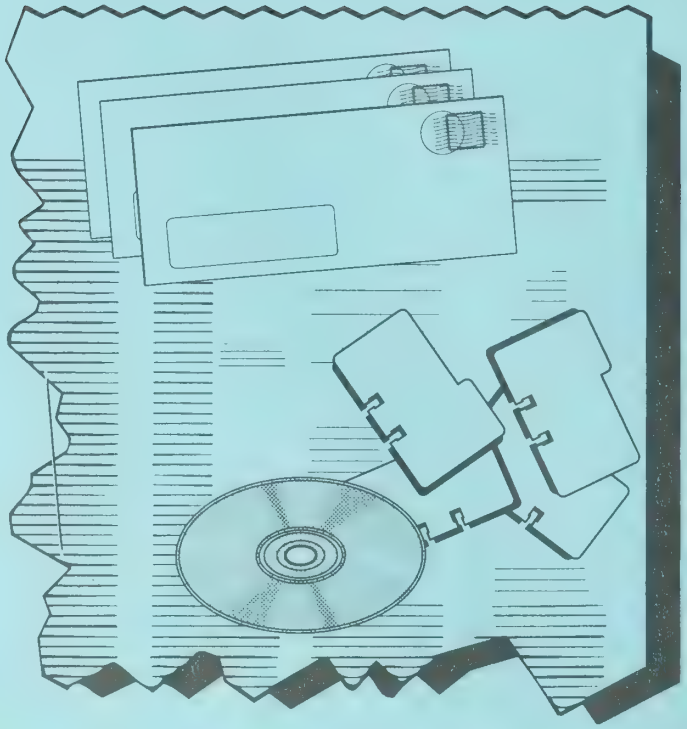
Need Lists?



Polk's list services give you access to the largest and broadest database of business and consumer information.

It is, quite simply, the best resource to find the most productive prospects in any geographic area to meet your specific needs.

While the breadth of this compiled database makes it the largest in the industry, it's the depth of information that makes it the most useful.

This comprehensive database has exclusive information on a variety of critical selects, making it easier for you to find the prospects that are most likely to buy your product or service.

Here are a few examples of the selection criteria available

RESIDENTIAL INFORMATION		BUSINESS INFORMATION	
• Female/Male	• Home Value	• Type of Business	• Owners/Officers Names
• Age	• Estimated Equity	• Size of Business	• # of Employees
• Income	• Mortgage Range	• Radiate Around a Geographic Center Point	• Multiple Locations
• Marital Status	• Mortgage Start Date		• And Many More
• Occupation	• Geographic Location		
• Vehicle Information	• And Many More		

100 different selection features from nearly 30 different sources of data.
So much data that the selections are almost endless.

Contact prospective new customers through mail, by phone, or face to face. We can provide a variety of media types, including:
CD Rom, Magnetic Tape, Cheshire Labels, 3 x 5 cards, Electronic Data Transfer, or call for availability of other media types.

Fresh data with greater deliverability.
Our lists are continuously updated with new sources and processed against NCOA*, LACS*, DSF*, and postal addressing processes to ensure the maximum efficiency of your sales efforts.

Call to find out how you can put the power of Polk's list services to work for you.

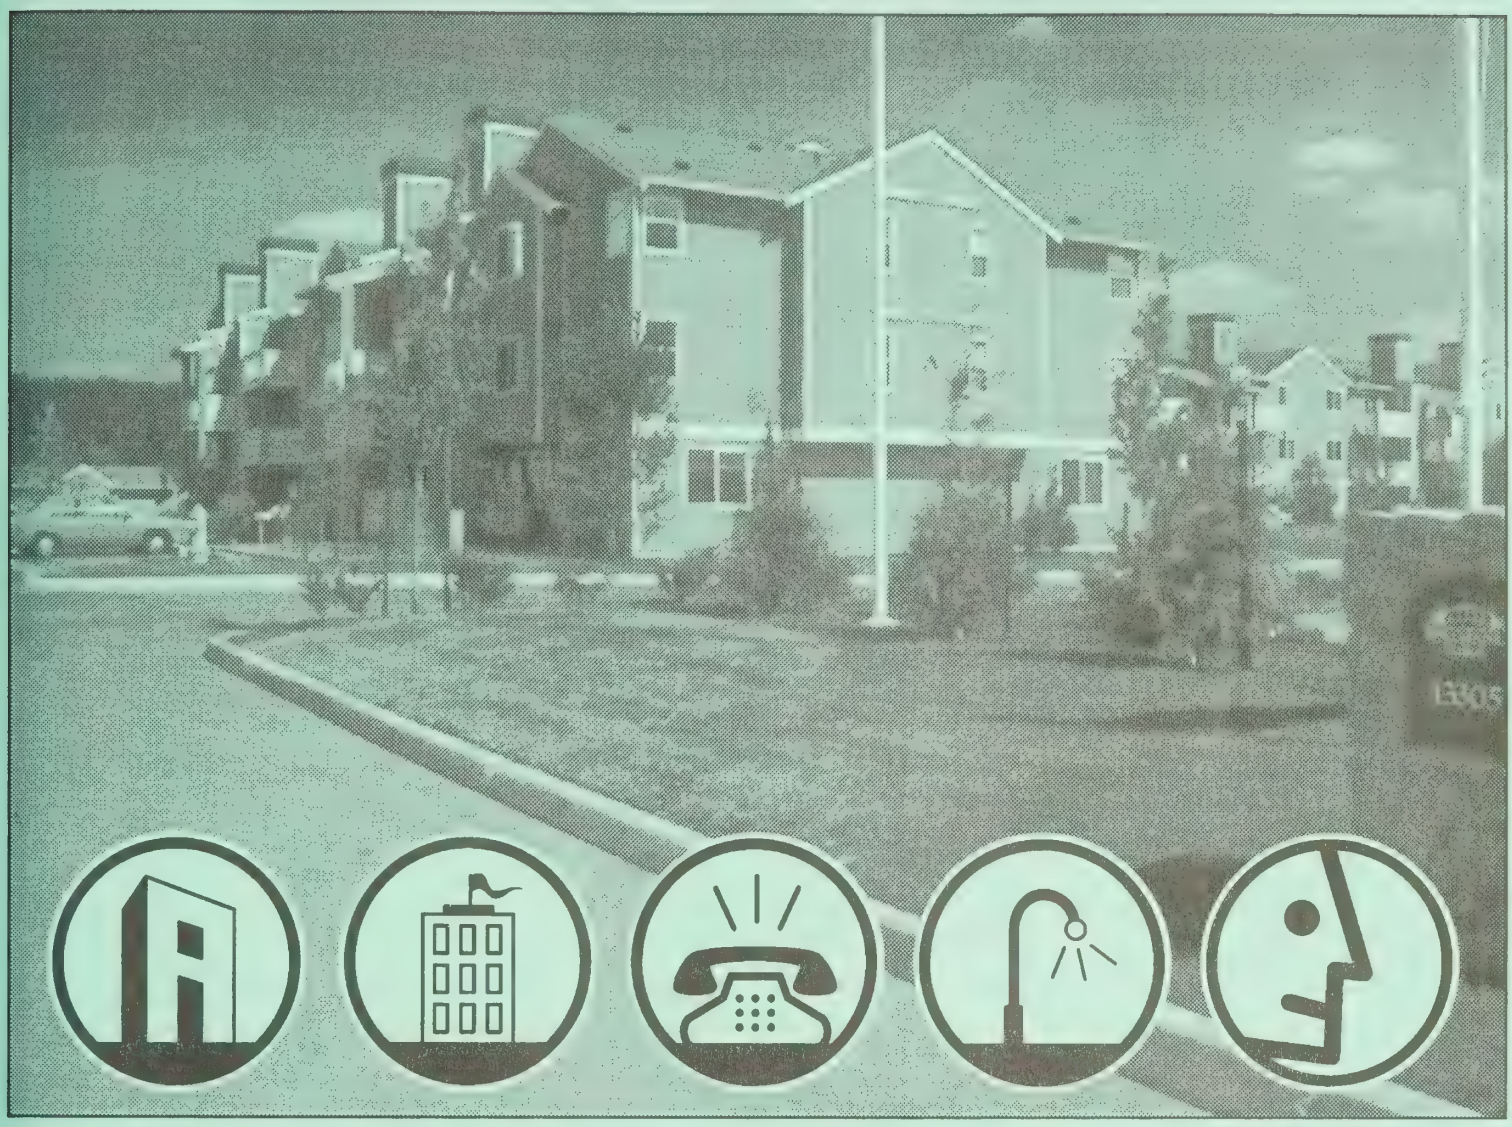
Street Guide



The Street Guide will help you:

Pinpoint current customers or prospective new customers.

This is a listing of addresses in your area including names, addresses, phone numbers, homeowners, years at residence, and new neighbours.

Determine the location of a particular address and easily find neighbours of current customers.

The street summary at the bottom of each street lets you know whether the street is primarily business or residential occupied.
